Quick Guide

Ubiquiti UACC-OM-SM-1G-S-2

application example

INSTRUCTIONS

Step 1.- The module (Gbic) must be previously inserted in the corresponding SFP port.

Step 2.- Next, we open our fiber optic jumper packaging and remove the protections from the tips of the fiber optic jumper connectors.

Step 3.- The connection of each one of the ends of the jumper is made in the corresponding Gbic in the network switch.
