Introduction

NG-C401 it is a bullet-type camera for the security of any semi-outdoor environment that will always keep you informed of what is happening in the places of interest. The NGTECO bullet camera is equipped with a Wi-Fi module, which makes it easy to install and manage through the NGTECO Home mobile app. Also, 15M IR effective distance and 4 IR LEDs design will make sure almost everything is visible even in dark night.

With the NGTECO Home all-in-one smart home platform app, you can realize various powerful and useful functions such as two-way audio, real-time status notification, live HD video, or even review activity with local or online storage. the cloud if necessary. **NG-C401** It's an economical option and perfect for your backyard or garage.

Characteristic

1080p Full HD
Enjoy 1080p high-resolution video monitoring

Storage Local and Cloud
