 - **Compatibility:** Special for mobile DVR
 - **Net weight:** 0.27kg
 - **Packaging Dimensions:**
 - Height: 30.6cm
 - Width: 46.2cm
 - Length: 64.4 cm
-

4. Installation Instructions

Step 1: Component Verification

Before beginning the installation, make sure you have all the components in the package and that they are in good condition.

Step 2: Cable Connection

1.M12 Female Connector:

- Connect the female end of the MC-AF6-AM6-6 cable to the video/audio output of the IP mobile camera.

2.M12 Male Connector:

- Connect the male end of the cable to the corresponding port on the mobile DVR.

Step 3: Securing Connections

- Make sure connections are securely tightened to prevent accidental disconnections.
 - Check that the connectors are not damaged and that the pins are aligned correctly.
-

5. Maintenance and Care

- **Cleaning:** Clean the cable and connectors with a dry cloth. Do not use cleaning fluids.
 - **Storage:** Store the cable in a cool, dry place, avoiding exposure to direct sunlight and extreme temperature conditions.
-

6. Troubleshooting

Problem: No video/audio streaming

- **Check connections:** Make sure all connectors are connected securely.
- **Inspect the pins:** Check that the pins on the connectors are not bent or damaged.
- **Replace the cable:** If the problem persists, try another cable to rule out cable faults.
