

User Manual - DAHUA

DHI-LS460UC-E/U-D1000

1. Introduction

The Dahua DHI-LS460UC-E/U-D1000 is a floor-mounted pedestal designed specifically for LS460UCM-EF screens. This product combines functionality and design, offering a stable and secure solution for digital signage and access control systems in various environments.

Made with high-quality materials, this pedestal seamlessly integrates into corporate, commercial, or public spaces, ensuring durability and stability for indoor applications. It is an essential accessory for enhancing screen usability and maintaining safety.

2. Key Features

- **Material:** High-strength steel construction.
- **Stability:** Wide base designed for maximum security.
- **Durability:** Resistant to wear and continuous use.
- **Modern Design:** Professional finish suitable for various settings.

3. Maintenance

- **Regular Cleaning:** Wipe the pedestal with a dry or slightly damp cloth to maintain its appearance and functionality.
- **Periodic Inspection:** Check for loose fittings or structural damage to ensure long-term stability.

4. Applications

- **Indoor Use:** Ideal for offices, hospitals, malls, and events.
- **Multifunctional Support:** Suitable for signage and access control systems.

5. Safety

- **Precautions:**
 1. Ensure the pedestal is used only with compatible screens.
 2. Avoid exceeding the recommended weight capacity to maintain stability.

6. Technical Support

For inquiries or additional assistance, contact Dahua technical support with the product model and a description of the issue.
